

# MANUFACTURING SCHOLARSHIPS

Free on-line education and certification for our military, veterans and their families.

## ABOUT THE SCHOLARSHIP

TalentGro, the Workforce Development division of Hamilton-Ryker, is giving out scholarships to transitioning military, reservists, veterans and their families who are seeking a career path in Manufacturing.

The scholarships provide the recipient 25 on-line courses from Tooling U-SME, the leading organization that provides training and education in the Manufacturing industry.

Basic Measurement	Intro to Additive Manufacturing	Intro to Robotics & Robot Safety	Blueprint Reading
Intro to CNC Machines	Intro to OSHA	Math Fundamentals	Math: Fractions & Decimals
Quality Overview	Troubleshooting	Units of Measurement	Introduction to Assembly
Safety for Assembly	Tools for Threaded Fasteners	Basics of Tolerance	Ergonomics
Personal Protective Equipment	Lockout/Tagout Procedures	Lean Manufacturing Overview	Bloodborne Pathogens
Hand and Power Tool Safety	5S Overview	MSDS/Hazard Communication	Fire Safety/Prevention

Upon completion of the courses, the recipient will be prepared to take the exam to receive the "Certified Manufacturing Associate" national certification from the Society of Manufacturing Engineers.

## APPLICATION PROCESS

Contact our Veteran's Employment Outreach Coordinator, Karl Lawrence for more information and instruction on how to receive the scholarship.
